Please remember to attach the following if applicable:

- A SIP application for construction and operation if any air pollution control devices are being installed.
- Any required Part 70 Operating Permit application forms for sources operating under Title V permits.
- Any MSDS/CPDS that may be required by the Division to verify emission reductions due to product substitution.
- Any technical information needed by the Division to verify emission reductions due to air pollution control devices.
- Detailed descriptions of any plans for emission unit shutdowns and/or changes in operation that will result in an emission reduction.

Please remember to enclose a check or money order made payable to Georgia Department of Natural Resources in the amount of **\$6,000** with this application. Emission Reduction Credit applications will not be processed if the application fee is not enclosed.
