Re: Georgia New Source Review Reform Stakeholder Technical Workgroup

Dear Mr./Ms. [contact]:

This is to announce the formation of a technical stakeholder workgroup to assist Georgia EPD in the development of New Source Review Regulations in response to changes in the Federal NSR rules promulgated December 31, 2002. EPD received a significant number of requests for participation in the workgroup and we are pleased to announce that we are able to accommodate all the requests submitted by the February 27 deadline. Attached you will find the list of participants.

As discussed at the kickoff workshop, each organization in the workgroup may send more than one representative to each workshop. However, in order for the workgroup to be more manageable, we ask that there be only one representative from each group at the table. Included in the attached list are the people who were identified by each stakeholder group. **If your organization provided more than one name, please contact Heather Abrams at heather_abrams@dnr.state.ga.us by March 15 to identify the one person that will be speaking on behalf of your organization at the March 16/17 Workshop.** After each stakeholder has had an opportunity to ask questions and provide input, we will then open the floor to questions and comments to anyone in attendance.

The first workshop will be held March 16 and 17, 2004 from 9:00 am till 4:00 pm at the Atlanta Tradeport Training Room, Suite 116. This workshop will focus **only on Applicability.**

EPD has established an NSR Reform web site (www.air.dnr.state.ga.us/sspp/nsrreform) to disseminate information and materials for each of the stakeholder workshops. Please print and thoroughly review these materials prior to each workshop. We will have a few copies of the presentation available should they be needed.

Thank you for your assistance in this important effort. EPD considers your participation on this workgroup as both a privilege and a responsibility. Please ensure that you come to each workshop adequately prepared to represent those individuals and companies in Georgia that you are representing.

If you have any questions, please contact me at (404)363-7020.

Sincerely,

James P. Johnston, P.E.
