

NOTICE OF THE OPPORTUNITY FOR PUBLIC COMMENT

GEORGIA DEPARTMENT OF NATURAL RESOURCES  
ENVIRONMENTAL PROTECTION DIVISION  
AIR PROTECTION BRANCH

STATE OF GEORGIA  
COUNTY OF TWIGGS  
NOTICE OF DRAFT PART 70 OPERATING PERMIT MODIFICATION

To All Interested Parties:

The Georgia Environmental Protection Division announces its intent to modify Part 70 Air Quality Operating Permit No. 1455-289-0001-V-02-0 issued to J. M. Huber Corporation - Macon Plant by the issuance of Permit Amendment No. 1455-289-0001-V-02-2. The facility is located at 822 Huber Road, Macon, Georgia. The main purpose of this permit amendment is to remove two turbine generators and a boiler from the permit, restrict the operation hours of Generators #1 & #2, which will decrease nitrogen oxides emissions by approximately 12.87 tons. Also, this amendment allows use of propane as a permitted fuel, revises emissions estimation methodologies, updates the provisions relating to Compliance Assurance Monitoring (CAM), and the facility emission units list. Furthermore, this amendment reflects the name change to Huber Engineered Materials – Macon Facility. The Georgia Environmental Protection Division (EPD) has prepared this Title V Operating Permit Amendment in accordance with Title V of the Clean Air Act. This permit amendment will be enforceable by the Georgia EPD, the U.S. Environmental Protection Agency, and other persons as otherwise authorized by law.

The draft permit amendment and all information used to develop the draft permit amendment are available for review. This includes the application and all other relevant materials available to the permitting authority. This information is available for review at the office of the Air Protection Branch, 4244 International Parkway, Atlanta Tradeport - Suite 120, Atlanta, Georgia 30354. Copies of the draft permit, narrative, application summary, and permit application will be available at our Internet site <http://www.georgiaair.org/> by selecting "Title V Permits Draft" under the Permitting the menu. (Please note that the Internet is generally accessible from most public libraries in Georgia.)

If copies are desired, the first 25 pages are free of charge, and every page thereafter costs \$0.10 per page. Copies will be made on a first-come, first-served basis. Files are available for review and copying 8:30 a.m. to 4:00 p.m., Monday – Friday, excluding holidays.

You are hereby notified of the opportunity to submit written public comments concerning the draft Part 70 Operating Permit Modification. Persons wishing to comment on the draft Part 70 Operating Permit Modification are required to submit their comments, in writing, to EPD at the above Atlanta Air Protection Branch address. Comments must be received by the EPD no later than 30 days after the date on which this notice is published in the newspaper. (Should the comment period end on a weekend or holiday, comments will be accepted up until the next working day.) The Division, in making its final decision to issue the Part 70 permit, will consider all comments received on or prior to that date.

Any requests for a public hearing must be made within the 30-day public comment period. A request for a hearing should be in writing and should specify, in as much detail as possible, the air quality related issues that constitute the basis for the request. Where possible, the individual making the request should also identify the portion(s) of the Georgia Rules for Air Quality Control and/or the Federal Rules that the individual making the request is concerned may not have been adequately incorporated into the draft permit. If a public hearing on the draft Title V Operating Permit is to be held, the date, time, and location of the hearing will be provided by a subsequent separate public notice. At such hearing, anyone may present data, make a statement or comment, or offer a viewpoint or argument either orally or in writing concerning the draft Title V permit. Any information received during a public hearing will be considered by the Division along with all other information received during the comment period when making its final decision to issue the Title V permit amendment.

Following this 30 day public comment period, the EPD will consider all comments, make any necessary changes, and issue a proposed permit amendment to U.S. EPA. The proposed permit amendment will then undergo a 45 day review by U.S. EPA in accordance with 40 CFR 70.8. Information pertaining to U.S. EPA's review period can be found on their website at [www.epa.gov/region4/air/permits](http://www.epa.gov/region4/air/permits).

After the EPA review period has expired, the EPD will issue a final Part 70 Operating Permit Amendment incorporating any changes required by U.S. EPA. Copies of the final Title V Operating Permit, comments received, EPD's responses to comments, and any other relevant information will then be made available for public review during normal business hours at the office of the Air Protection Branch. A summary of comments and any changes made to the final permit will be found in an addendum to the narrative. A copy of this narrative and the final Title V permit will be added to the information already available at the Internet address given above.

For additional information, contact the manager of the Stationary Source Permitting Program, at the Atlanta address, or by phone at 404/363-7000. Please refer to this notice when requesting information.
