## Introduction

This narrative is being provided to assist the reader in understanding the content of the attached administrative Title V Permit amendment. Complex issues and unusual items are explained here in simpler terms and/or greater detail than is sometimes possible in the actual permit. This permit amendment is being issued pursuant to: (1) Georgia Air Quality Act, O.C.G.A § 12-9-1, et seq. (2) Georgia Rules for Air Quality Control, Chapter 391-3-1, and (3) Title V of the Clean Air Act Amendments of 1990. Section 391-3-1-.03(10) of the Georgia Rules for Air Quality Control incorporates requirements of Part 70 of Chapter I of Title 40 of the Code of Federal Regulations promulgated pursuant to the Federal Clean Air Act. The primary purpose of this permit amendment is to make administrative changes to the permit. Such administrative changes may include a facility name and/or ownership change and fixing typographical errors. The following narrative is designed to accompany the permit amendment and is presented in the same general order as the permit amendment. It describes the facility receiving the permit amendment, existing permits and the changes being made to the permit. This narrative is intended as an adjunct for the reviewer and to provide information only. It has no legal standing.

## I. Facility Description

### A. Existing Permits

## II. Proposed Amendment

### A. Description of Amendment

The application under review is No. 15602, dated September 2, 2004 and received by the Division on September 8, 2004. The facility is requesting a name change from Duke Energy Sandersville, LLC to KGen Sandersville, LLC. A Public Advisory was not issued because there are no new emissions units being constructed, nor will any increase in emissions occur due to this change. The facility is currently operating under Air Quality Permit No. 4911-303-0040-V-03-0.

### B. Permit Conditions

The name of the company is changed from Duke Energy Sandersville, LLC to KGen Sandersville, LLC. The generic Title V permit template, which includes additional conditions in Section 8.0, is used for Air Quality Permit No. 4911-303-0040-V-04-0. Air Quality Permit No. 4911-303-0040-V-03-0 is revoked with the issuance of Air Quality Permit No. 4911-303-0040-V-04-0.
